				Stop Start Start Start	Admin Admin Admin Admin											
									Logs							
									5:07:29 5:07:30 5:07:30 5:07:30 5:07:30 5:07:30 6:07:30 6:07:30	[main] [Main] [Apache] [Mysql] [Mysql] [Apache] [Mysql]	Starting Check-Timer Control Panel Ready Autostart active: starting Attempting to start Apache app Autostart active: starting Attempting to start MySQL app Status change detected: running Status change detected: running					

6) Import database diedieoutlet.sql

Buka firefox ketikkan localhost/phpmyadmin

Buat database baru dengan nama diedieoutlet

Kemudian pilih tab import dan pilih file diedieoutlet.sql kemudian tekan tombol kirim

Pindahkan folder diedieoutlet ke localdisk C:\xamp\htdocs\diedieoutlet

7) Setelah itu jalankan web browser mozilla dengan mengetikkan url :

localhost/diedieoutlet/
