BAB I     PENDAHULUAN

1.1. Latar Belakang Masalah ............................................... 1
1.2. Rumusan Masalah ...................................................... 2
1.3. Ruang Lingkup ............................................................ 3
1.4. Tujuan ........................................................................ 3

BAB II     TINJAUAN PUSTAKA DAN DASAR TEORI

2.1. Tinjauan Pustaka ......................................................... 4
2.2. GPRS (General Packet Radio Service) ....................... 5
2.3. WAP (Wireless Application Protocol) ....................... 5
2.4. WAP Browser ......................................................... 7
2.5. WML (Wireless Markup Language) .......... 7
2.6. WEB Server .................................... 8
2.7. PHP ............................................. 9
2.8. Apache ........................................ 9
2.9. MySql ......................................... 10

BAB III ANALISIS DAN PERANCANGAN SISTEM
3.1. Analisis Sistem .................................. 11
3.2. Perangkat Pendukung ......................... 12
3.3. Diagram Arus Data ............................ 14
3.4. Rancangan Tabel .............................. 18
3.5. Relasi Antar Tabel ............................. 22
3.6. Rancangan Input ............................... 23
3.7. Rancangan Output ............................. 24

BAB IV IMPLEMENTASI DAN PEMBAHASAN SISTEM
4.1. Implementasi Sistem ........................... 26
4.2. Pembahasan Sistem ............................ 27

BAB V KESIMPULAN DAN SARAN
5.1. Kesimpulan ....................................... 37
5.2. Saran ............................................. 37
