

CARA MENGGUNAKAN APLIKASI PASAR LELANG

1. Install XAMPP
2. Masukkan folder aplikasi ke partisi yang telah terinstall XAMPP contohnya saya disini menggunakan partisi C:\xampp\htdocs\panenin
3. Jalankan XAMPP dengan open XAMPP kemudian start Apache dan MySQL

4. Buka browser ketikan url : <http://localhost/phpmyadmin/>
5. Buat database dengan nama **panenin**.
6. Pilih menu database yang telah dibuat kemudian pilih tab menu import, silahkan import file SQL yang tersedia di CD ganti nama panenin.sql.
7. Setting koneksi yang terdapat difolder C:\xampp\htdocs\panenin\application\config\database.php, ikuti pengisian seperti di bawah ini :

```
$db['default'] = array(  
    'dsn' => '',  
    'hostname' => 'localhost',  
    'username' => 'root',  
    'password' => '',  
    'database' => 'panenin',  
    'dbdriver' => 'mysqli',
```

8. Buka browser ketikan url : <http://localhost/panenin/>, kemudian akan tampil menu login seperti berikut :

9. Halaman setelah login sebagai berikut :

A screenshot of the PANENIN admin panel dashboard. The top navigation bar includes the PANENIN logo, a user profile icon labeled "adminptg", and a gear icon. The main dashboard area is titled "Dashboard" and features several cards with metrics: "Komoditas" (green cart icon), "Lelang" (yellow auction icon), "Checkout" (blue person icon), "Laporan" (red folder icon). Below these are two more cards: "Keuangan" (blue document icon) and "Tren Harga" (blue line graph icon). At the bottom of the dashboard are five summary boxes: "Total Petani setor/bulan" (1291 Petani), "Berat/bulan 24759.30 Kg", "Berat Sortir/bulan 249.30 Kg", and "Berat Bersih/bulan 24014.79 Kg". The left sidebar contains a user profile section with "adminptg Petugas" and a navigation menu with links: "Dashboards", "Komoditas", "Lelang", "Checkout", "Laporan", and "Keuangan". The bottom of the page includes a footer with the text "2019 - 2021 © Theme by PANENIN" and links for "Tentang Kami", "Bantuan", and "Kontak".
